### The Modern Way

Commends itself to the well-informed, to do pleasantly and effectually what was formerly done in the crudest manner and disagreeably as well. To cleanse the system and break up colds, headaches and fevers without unpleasant after effects, use the delightful liquid laxative remedy, Syrup of Figs.

### Duckers.

Cold.  
Early plowing is progressing rapidly.

Our tobacco growers are preparing to set a very large acreage.

P. L. Gibson is in Tyrone this week. Mr. Gibson is seeking a position in the revenue service of that district.

Miss Annie Bell Fogg has accepted and is teaching a school in the Tiger neighborhood.

Strange as it may seem, we met a Democrat a few days since who was not seeking an office. He even positively stated that he would not accept the post-office at Ducker. However, there is still another good man likely to be recommended for that position.

The friends of Gov. Brown are growing a little impatient for his reply to Gen. Buckner. We believe that Gov. Brown had at least reasonable ground for his position, and that he will be quite able to defend himself on this and all other occasions, at least if he is not, it will be the first time his flag ever trailed in the dust.

In regard to the item in our last, concerning Judge Williams, the ROUNDABOUT, after an investigation, says: "Why our correspondent should have perverted the facts we are at a loss to understand." Our information was received from a source which we, at the time, regarded as perfectly reliable, and as for our informant's reliability we have no cause to alter our opinion, but he (our informant) was perhaps mistaken. We have no desire to do Judge Williams any injustice, and we regret any wrong we may have done him under a misapprehension.

Office! Oh, if all the party could just get an office all 'round, wouldn't it be nice? Well, we would like to see every office filled by a good, loyal Democrat, but when it comes to the washy-a-washy Democrats who wouldn't vote for old Grover for fear of his defeat, we say kick the cowards out, even if we fill their places with good, loyal Republicans, who stood by their colors, even amid the throes of overwhelming defeat.

### BULLDOGS.
